[Dovetail Partners Celebrates the Outcomes of the 9th American Forest Congress](#)

The 9th American Forest Congress was held from July 15-18, 2025 in Washington, D.C. Dovetail celebrates the leadership and impact of the Congress in recognizing the forest-based values that strengthen communities, economies, and ecosystems. The outcomes of the Congress amplify the effectiveness of community-based actions, a growing bioeconomy, and cross-sector collaboration. In advance of the Congress, Dovetail Partners released our priorities to inform the finalizing of the Principles and Resolutions at the event. We are pleased to see these priorities reflected in the final Principles and Resolutions of the 9th American Forest Congress.
